SUMMER CONFERENCE

• JUNE 27-29 •

Atlanta, GA

The Hilton Atlanta

2019

hello & welcome to Atlanta

We are honored to be hosting the AABP 2019 Conference, and look forward to seeing all the familiar and new faces gathered here.

Georgia Trend has been based in Atlanta for over 30 years. I'd like to say my job is easy because there's always so much business news – but it isn't! Atlanta is a 20-county region in a state with 159 counties. Yes, that is a lot of competition, and we're the referee.

That's why I have to attend the AABP Summer Conference every year, to step away and find perspective. It is so important in these unpredictable media times for us to share best practices in order to adapt to new platforms and maintain legacy integrity. We need each other more than ever.

I hope you enjoy your stay here and look forward to learning from another great AABP experience. Thanks for coming to Atlanta.

greetings

from the conference chair

Each session at the summer conference has been crafted by your AABP peers who know your day-to-day challenges.

Who better to know what training is needed than those from our very own ranks?

I am confident you find this year's summer conference energizing and valuable, and one or two great ideas can help propel your publication forward in meaningful ways.

Editors, sales managers, event planners and audience specialists have collaborated for weeks to create a training experience that will elevate the performance of our team members.

I'm proud of the AABP members who have volunteered their time to thoughtfully put forward four training tracks to help each of us amp our skills and equip us to contribute to our teams and communities in a more powerful way.

We look forward to you and many of your publication's team members joining us in Atlanta.

Conference Chair,

Opening Keynote

Friday, June 28, 8:30-9:30am

A Founders Story: The Five Lessons I Learned Building a Modern Media Company

Nick Friese, Founder and CEO, Digiday Media

Named one of Fast Company's 10 Most Innovative Media Companies in the World, Digiday takes a global view of the media and marketing industries and connects with its audience across web, email, podcasts, a quarterly magazine, a membership program and in-person events. Founder and CEO Nick Friese will outline the five lessons he has learned building Digiday and where he sees things headed in B2B media. Following this keynote will be a Sales track session, Q & A with Nick Friese, for a chance to dig even deeper.

Lunch Keynote

Friday, June 28, 1-2pm

Why the Biggest Criminal Conspiracy in U.S. History Remains Covered Up

Walter Robinson of Spotlight

Seventeen years after Walter Robinson and his Spotlight Team at the Boston Globe daylighted a wide-ranging child sex abuse conspiracy in the Roman Catholic Church, the full extent of the church's crimes remains largely a mystery, with horrifying details being disclosed all the time. The media — particularly daily newspapers — have dropped the ball on their watchdog responsibilities, including investigations of the Church. But new players have emerged to fill gaps in the country's news deserts. Nonprofits and small publications are finding better ways to be sustainable, and organizations like business journals can take advantage of innovative, digital techniques to continue to propel the Cause of Journalism forward. Following this keynote will be an Editorial track session with Walter Robinson to answer your questions and discuss the role that business publishers have in producing high quality investigative journalism.

KEYNOTE SPEAKER

Nick Friese

Founder and CEO,
Digiday Media

Nick Friese, Founder and CEO of Digiday Media, a global media company dedicated to rethinking and reshaping the business of media and content. Digiday Media's mission is to chart how industries like media, marketing, fashion, luxury and retail are moving from analog to digital. The approach is to continually reimagine and reshape the media we cover and create, guided by our core values of quality, honesty, curiosity and tenacity.

Digiday Media currently operates two global media brands: Digiday (media, marketing and retail) and Glossy (fashion and beauty). Under his leadership, Digiday Media was named one of Fast Company's top ten most innovative media companies in the world, Inc Magazine's fastest growing companies five years running, and named one of the fastest growing businesses in NYC.

KEYNOTE SPEAKER

Walter V. Robinson

Editor At Large,
The Boston Globe

Walter V. Robinson is Editor At Large at the Boston Globe, where his high-impact stories about local, national and international events have graced the front page since 1972. He is the Edith Kinney Gaylord Visiting Professor in Investigative Reporting at the Walter Cronkite School of Journalism and Mass Communication at Arizona State University, and Journalist in Residence at Northeastern University.

Robinson led the Boston Globe Spotlight Team that won the 2003 Pulitzer Prize for Public Service for its investigation of the sexual abuse of children by Catholic priests.

The Spotlight Team's groundbreaking investigation exposed a decades-long cover-up that, in Boston alone, shielded the crimes of nearly 250 priests. Seventeen

years later, the team's work continues to spark similar disclosures across the country and around the world. Spotlight's investigation was made into the 2015 Academy Award-winning film, "Spotlight," starring Michael Keaton as Robinson.

As a Northeastern journalism professor, Robinson and his investigative reporting students produced 26 investigative stories appearing on Page One for The Boston Globe.

Robinson is a 1974 graduate of Northeastern University. He has been awarded honorary degrees by Northeastern and Emerson College. He has been a journalism fellow at Stanford University. Robinson is co-author of the 2002 book, "Betrayal: Crisis in the Catholic Church."

Friday Sessions

9:45-10:45am:
SESSION 1

Managing a Newsroom

News leaders must take a critical look at today's labor market and prepare for a decade of demographic shifts and changing workplace expectations that is shaping a new newsroom reality. This session explains the labor market's shift to a younger work force dominated by Millennials and Generation Z. Legacy media will find digital talent in short supply as technology firms and digital agencies lure eager young producers and writers with significantly higher wages. Providing top-notch journalism to your audience with limited resources and constrained budgets becomes an increasingly difficult challenge, but this session presents several management best practices for coping in the next decade as we move toward a 2029 newsroom that will be nothing like 2019.

11:15am-12:15pm: **SESSION 2**

The Art of Visual Storytelling

You've spent days, weeks, months reporting on a story and tracking down photographs. Now, how do you take all that information and make it sing for the reader? How can your entire publication pop? Led by José Reyes from the design firm Metaleap, winner of multiple design awards from the prestigious Society of Publication Designers, we will delve into the principles of modern design, emerging trends in publications and new tools for eye-popping visuals to show how business journals can maximize information and artistic delivery to their audiences.

2-3:15pm:
SESSION 3

Sit Down with Spotlight

Following his luncheon keynote, Walter Robinson from the Boston Globe will answer questions from Editorial & Design tract participants and offer on-the-ground, actionable steps AABP newsrooms can take to launch their own Spotlight-like projects, even on smaller budgets.

3:45-5pm:
SESSION 4

Best Ideas

Back by popular demand, this will be a discussion between all Editorial & Design tract participants on their best ideas from the last 18ish months. In a slightly different format from previous years, moderator Brad Kane from Worcester Business Journal will pick out 7-10 of the best of the best ideas in advance and focus the bulk of the conversation on those, although the group will hear from everyone who submitted an idea.

Saturday Sessions

9-10:15am:
SESSION 5

Led by Cody Winchester from Investigative Reporters & Editors, this session will discuss how to build watchdog work into your daily routine and produce meatier stories on the business beat, even in breaking news situations. We'll also get some real-world tips on time management, organization and focusing on enterprise.

What role do editorial and design departments play in the overall business operations of a publishing company? This session is especially for all the aspiring publishers and owners in the room. Mary Kramer from Crain's and Mitch Bettis from Arkansas Business will discuss their journeys from the newsroom to the executive suite, and talk about what makes for a good and profitable business journal and how content fits into that effort.

1:30-2:45pm:
SESSION 7

Just Add Water Story Ideas

What are quick-hit story ideas that can still have lasting impact for your audience? This session will be a conversation between all Editorial & Design tract participants led by Gwen Moritz from Arkansas Business. The focus will be on stories needing just a little bit of local flavor that can be inserted in a local business journal. We'll also use this session to discuss the idea of developing a national co-op between AABP members to share the costs of freelancers, stories and photos.

3-4pm:
SESSION 8

Engaging & Growing Your Audience

Writing, reporting and designing the news is only half the battle. You still have to get it in front of your core and extended audience, in a world with millions of content options all available at the click of a button. In this frank conversation between the AABP Audience Development and Editorial & Design groups, we'll delve into the best practices for getting eyeballs on your publication and creating fan bases willing to pay for your content. This joint session will focus on new metrics for tracking audience engagement, especially as more publications are switching their digital operations away from advertising-centric models and moving toward subscriber-based models. No topic will be off the table as we explore how Audience Development and Editorial & Design can help each other. Speaker: Representative from Metrics for News.
